ESTABLISHED 1896

RICHMOND 21, VA.

Revised 3-56

# A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

*Advertising Federation of America*

(Your Directory publishers fully subscribe to the principles set forth in this statement)

## Section 28, Copyright Law

In Force July 7, 1909

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

## PUBLISHERS NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

HILL DIRECTORY CO., INC., Publishers

# INTRODUCTION

## and GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1957 edition of the Washington City Directory, which also includes Washington Heights and Washington Park, and the rural routes emanating from the Washington post office.

This is the first Hill Directory of Washington and is completely standardized according to the policies of the Association of North American Directory Publishers.

Confidence in the growth of Washington's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly depicting Washington to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Washington Directory will fulfill its mission as a source of authentic information pertaining to the community.

### Five Major Departments

The five major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Washington, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Washington and vicinity, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order; followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE WASHINGTON RURAL ROUTE DIRECTORY is the fifth major department, printed on white paper.

### **Community Publicity**

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Washington.

### **The Washington Directory Library**

Through the courtesy of the publishers of the Washington City Directory, a Directory Library is maintained in the offices of the Washington Chamber of Commerce, for free reference by the general public. This is one of more than 700 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

# WASHINGTON

"THE ORIGINAL WASHINGTON"

(Courtesy Washington Chamber of Commerce)

## Statistical Review

Form of Government—Council-Manager. Incorporated as a town in 1771.

Population—9,698 (1950 U. S. Census); local estimate at present, 12,000.

Area—2 square miles.

Altitude—15 feet above sea level.

Climate—Mean annual temperature 64.7 degrees F.; average annual rainfall, 49.7 inches.

Parks—1, with total of 12 acres, valued at \$80,000.00.

Assessed Valuation—\$12,000,000, with \$1.80 per \$100.00 tax rate.

Bonded Debt—\$2,447,000.

Financial Data—3 banks with total deposits of \$12,000,000 on Oct. 15, 1956 and total resources of \$14,000,000 on Oct. 15, 1956. 2 building and loan associations, with total assets of \$3,707,938.51 on June 30, 1956.

Postal Receipts—\$104,188.77 for year ended Dec. 31, 1956.

Telephones in Service—3,000.

Churches—29, representing 12 denominations.

Building and Construction—Number of building permits issued, 634, valued at \$4,481,718.00 from Dec. 1, 1948 to April 21, 1956.

Industry—Chief industries of the city and surrounding territory are: Tobacco, lumber, textiles, concrete, truck bodies, mattresses, boat builders. Number of manufacturing establishments, 11.

Principal Manufactured Products—Lumber, sport shirts, yarns, redried tobacco, concrete blocks, truck bodies, mattresses and boats.

Trade Area—Retail area has radius of 50 miles, and population of 300,000. Wholesale area has radius of 100 miles and population of 1,000,000.

Newspapers—1 (daily).

Radio Broadcastings Stations—2, WHED and WRRF.

Television Stations—1, WITN.

Hotels—2, with total of 105 rooms.

Railroads—2, Norfolk Southern and Atlantic Coastline.

Bus Lines—4, Seashore Transportation Co., Carolina Trailways, Englehard Co and Belhaven Co.

Highways—U. S. 17 and 264 and State 33, 32 and 92.

Airports—1.

Automobile Registrations—11,220.

Amusements—Largest auditorium in city seats 800 persons. 2 moving-picture theatres with total seating capacity of 1,200 persons. 1 golf course. Also bowling alleys, tennis courts and an athletic field.

Hospitals—2, with 100 beds. New County Hospital under construction (100 beds).

Education—Number of public schools, 2 (1 elementary and 1 junior-senior high school). 3 parochial schools. Number of pupils in public schools, 4,170; in parochial, 304. Number of teachers in public schools, 145; in parochial, 13. Value of public school property, \$1,900,000.

Public Libraries—1, with 16,000 volumes.

City Statistics—Total street mileage, 33.71, with 15.76 miles paved. Miles of gas mains, 16; sewers, 45. Number of water meters, 2,990; light meters, 6,274. Capacity of water works 3,000,000 gallons, with daily average pumpage of 1,200,000 gallons; 30 miles of mains, and plant valued at \$1,500,000. Fire department has 54 paid men, with 1 station and 6 pieces of motor equipment. Value of fire department real estate and equipment, \$150,000. Police department has 20 men, with 1 station and 3 pieces of motor equipment. Birth rate, 1,065; death rate, 395 (1955).

## STORY OF THE CITY OF WASHINGTON, N. C.

### The City Today

The Original Washington was founded on the 337 acres granted to Christopher Dudley in 1726. In 1771 James Bonner, then owner of the land, founded a town called "Forks of the Tar River," which by 1776 was known as Washington, the first town in the United States so named.

Washington was incorporated by the General Assembly at Hillsboro in 1782. In 1784 the assembly established a trading port of Washington "for the speedy decision of mercantile transactions with foreigners and transient persons."

The official 1950 census of Washington was 9,698 population, and the present population is estimated at 12,000. This growth is due to new industrial plants brought into the area in the last few years and real estate figures on new homes constructed. On the basis of new businesses in the city, there is every reason to believe that the city will continue to grow steadily in the future.

Washington is in the western part of Beaufort County in the east-central portion of the Coastal Plains section of North Carolina. Located at the confluence of the navigable Tar and Pamlico rivers, it is 135 miles south of Norfolk, Virginia, and 105 miles east of Raleigh, North Carolina. It is on U. S. Highways 17 and 264, and on three state highways and two railroads.

Beaufort County has 112,000 acres of farmland averaging 40 acres per farm, with 3,200 farms, 2,800 of which are commercial farms. Main agricultural products are tobacco, cotton, corn, soy beans, potatoes, and livestock.

Existing industries consist of a yarn spinning plant, a shirt manufacturing plant, grain elevators, lumber and planing mills, mattress manufacturing plants, a manufacturer of automobile truck bodies, boat builders and meat processors. These industries draw on raw materials available locally and in surrounding area. The Washington Tobacco Market serves a wide area.

### Service Institutions

Washington has an unlimited supply of electric power, furnished by the City of Washington Utilities Commission. Locally generated power is supplemented by purchase power

from the Virginia Electric and Power Company. Washington's new Jordan water filtration plant, among the most modern in the state, filters 2,750,000 gallons per day, and the average daily usage is 1,000,000 gallons. The new sewage disposal plant has clarifiers sufficient to handle double the present requirements, with capacity of 2½ million gallons per day to serve up to 48,000 population. The extensive facilities of the Washington Gas Company provide gas to customers on existing city mains. Several local bottled gas companies render service within the community at reasonable rates. Natural gas will be available in Washington during the coming year.

The city is served by two railroads, the Norfolk Southern Railway Company and the Atlantic Coast Line Railroad Co. Both rail terminals are located near the center of the town. Washington is served by four bus lines at the Union Bus Terminal, and numerous national trucking lines. Bay boats and barges provide cheap transportation for bulky cargoes on the Pamlico River with its 12-foot channel connecting the city directly with the Intracoastal Waterway. The nearest commercial airport is at New Bern, 35 miles south. Washington's airport is used by private land and sea planes. The local airport is Government-built and has concrete runways 150 feet wide and 5,000 feet long.

Washington's educational facilities consist of one elementary and one junior-senior high school with 4,170 students. Nearby colleges are East Carolina College at Greenville, Atlantic Christian College at Wilson and Chowan Junior College at Murfreesboro.

New homes and residential developments constantly add to the beauty of Washington's residential areas. The people are naturally friendly and hospitable, which adds to the charm of this old, historic city. Its natural advantages of being near the water attract people to Washington for the numerous water sports, and the hotels, motels, and tourist homes cater to the fisherman, hunter, water skiing enthusiast, yachtsman, and all interested in the advantages which the big Pamlico River has to offer.

Among the leading civic, fraternal, and social organizations are the following: Washington Shrine Club, Loyal Order of Moose, Lions Club, Elks Club, Woman's Club, Veterans of Foreign Wars, Washington Park Garden Club, 2 Masonic lodges, Junior Chamber of Commerce, Reviewers Book Club, Crescite Book Club, American Legion, Kiwanis Club, Rotary Club, Degree of Pocahontas.

#### **Consuming Power**

This information is not available.

#### **Industrial Situation**

Living conditions in Washington are good, and available industrial labor in the city and county is already housed. Labor relations are particularly good in industrial establishments, and there is an adequate supply of available labor in the area.

#### **Financial Situation**

The bonded debt of the city is \$2,447,000. Method of handling bids and contracts is that the city council receives bids and the contract is awarded to the lowest bidder. The city has never faltered in payment of any bond or obligation, and is in a sound financial condition. The city is constantly

expanding its water and sewer facilities to meet the growth and expansion of the city. Any developments or expansions in the immediate future will be done from current revenue rather than bond issues.

### **Retail Trade**

Washington is a retail and wholesale trading center. The retail area covers a radius of around 50 miles, serving a population of 300,000. The wholesale area has a radius of around 100 miles and covers a population of 1,000,000. Almost every type of retail store will be found in Washington's modern shopping section, and it is the natural hub of market activities for six surrounding counties. The Washington Daily News, published each afternoon except Sunday, has an average daily circulation of 4,800. The retail trade area handles the highest quality of merchandise.

### **Wholesale Trade**

Among leading wholesale dealers here are those dealing with clothing and hardware.

### **Civics and Welfare**

Washington is currently served by two hospitals with 100 beds. A new county hospital of 100 beds or more is now under construction. City and county health departments have active programs. Amusements consist of two modern motion-picture theatres, bowling alleys, a city-owned recreation center, two drive-in theatres, a public park, a new air-conditioned public library with 16,000 volumes, two full-time radio stations and a locally-owned NBC TV station. CBS television is received clearly from a station 20 miles away.

The Washington Yacht and Country Club has an excellent nine-hole golf course and yacht basin with indoor and outdoor docking facilities. There are public and private tennis courts. Swimming and fishing are excellent in the Pamlico River and the country club has a swimming pool of the finest and most modern construction. Boating, sailing and hunting are excellent in and near Washington. The nearest beach on the Atlantic Ocean is 70 miles away.

The Chamber of Commerce sponsors an annual Christmas parade.

### **City as a Center**

Located on Ocean Highway U. S. 17 between Maine and Florida, Washington is of interest historically to many tourists, being surrounded by historical points of interest regarding the first settlers of America.

### **Advantages and Claims**

The advantages of Washington as a recreation center are unexcelled, due to its water sports facilities and its proximity to the Atlantic Ocean. Industry seeking sites for expansion will find Washington an excellent location, due to its modern facilities, labor supply, available sites, and moderate climate.

### **City as a Service Center**

The Washington Chamber of Commerce, 131 East Main Street, P. O. Box 665, telephone 26, is prepared to give complete information on any phase of Washington's facilities to interested parties.

## MAINTAINED TO ASSIST YOU . . .

A reference library of late  
out-of-town city directories

THE PUBLISHERS of this Directory maintain for the use of their subscribers and the general public a complete library of late out-of-town City Directories. We invite you to consult this library when in need of names and addresses of individuals and firms in other cities. It is especially designed for the reference use of business men who subscribe to the local City Directory, when seeking markets and sources of supply outside this city. There is no charge except for extended continuous use. The library, with attendant in charge, is located at:

## A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

*Advertising Federation of America*

(Your Directory publishers fully subscribe to the principles set forth in this statement)

# **PLEASE! Do Not Lend Your CITY DIRECTORY**

**IT COSTS YOU MONEY—Every Time it Is Loaned**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

**THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.**

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

**MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.**

CASHIERS! TELLERS!  
— CLERKS! —Do your employers furnish you with  
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

Don't Contribute to  
Counterfeiters  
**KNOW YOUR MONEY!**

Don't Be Fooled by  
Forgers  
**KNOW YOUR ENDORSERS!**

**The Government never redeems counterfeit money!**

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

**PORTRAIT** *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

*Genuine*—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

**COLORED SEAL** *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

*Genuine*—Saw-tooth points around rim are even and sharp.

**SERIAL NUMBERS** *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

*Genuine*—Figures firmly and evenly printed, well spaced.

**PAPER** *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

*Genuine*—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

Published in Cooperation with United States Secret Service Treasury Dept.

# Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

## *If You Cash Checks for Others*

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

## *If You Get Checks Cashed*

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

## EXPLANATION

Wife names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

# HILL'S WASHINGTON

Directory of Householders, Occupants of Office Build-  
ings and Other Business Places, Including a  
Complete Street and Avenue Guide

## 1957

Including Washington Heights and  
Washington Park

Copyright, 1957, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

**1**

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2**

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3**

A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4**

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

**5**

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

# Your City Directory has HUNDREDS OF USES AND APPLICATIONS

## BUYING

Learning new sources of supply.  
Keeping up with known sources of supply.  
Checking on the record of firms from which you buy  
as to dependability, stability, etc.

## SELLING *(Including market analysis and sales promotion)*

Locating new markets.  
Maintaining up-to-date mailing lists.  
Analyzing the buying power of a community or  
street.  
Routing salesmen to avoid lost motion in reaching  
prospects.  
Locating residents of hotels and apartment buildings,  
many of whom are listed nowhere else.  
Identifying names and titles of officials, for use of  
salesmen.

## CREDIT REFERENCE *(and Collections)*

Running down delinquent debtors.  
Checking credit applications as to address, moving  
habits, names of employers, stability of employ-  
ment, family status, neighbors, whether owner  
or renter, etc.  
Identifying persons of same or similar names.  
Investigating cases in welfare, charitable, social ser-  
vice and legal work.

## DELIVERY *Communication, Mailing, Etc.*

Routing deliveries.  
Reducing dead letters and insuring more complete  
delivery of mail.  
Effecting delivery of messages and parcels errone-  
ously or defectively addressed.  
Correcting names and titles.

## LAW ENFORCEMENT *Criminal Detection and Apprehension*

Tripping bad-check passers.  
Deciphering illegible signatures.  
Guarding against habitual bill dodgers.  
Tracing heirs and witnesses, settling estates, and  
establishing facts as of a certain date.
